# Introduction

## — Excellence in uPVC Window and Door Installations: The Independent Network Advantage

Independent Network is a nationwide organisation that exclusively represents the finest local uPVC window and door installers in the industry, all of whom utilise VEKA products. Our Independent Network is founded upon principles of honesty, integrity, expertise, quality, and dependability, guaranteeing an impeccable service from initial sales to the final inspection. With a track record of millions of successful installations spanning over two decades, our network's robust customer satisfaction rating authentically mirrors the passion, commitment, and proficiency that our members consistently deliver to homeowners.

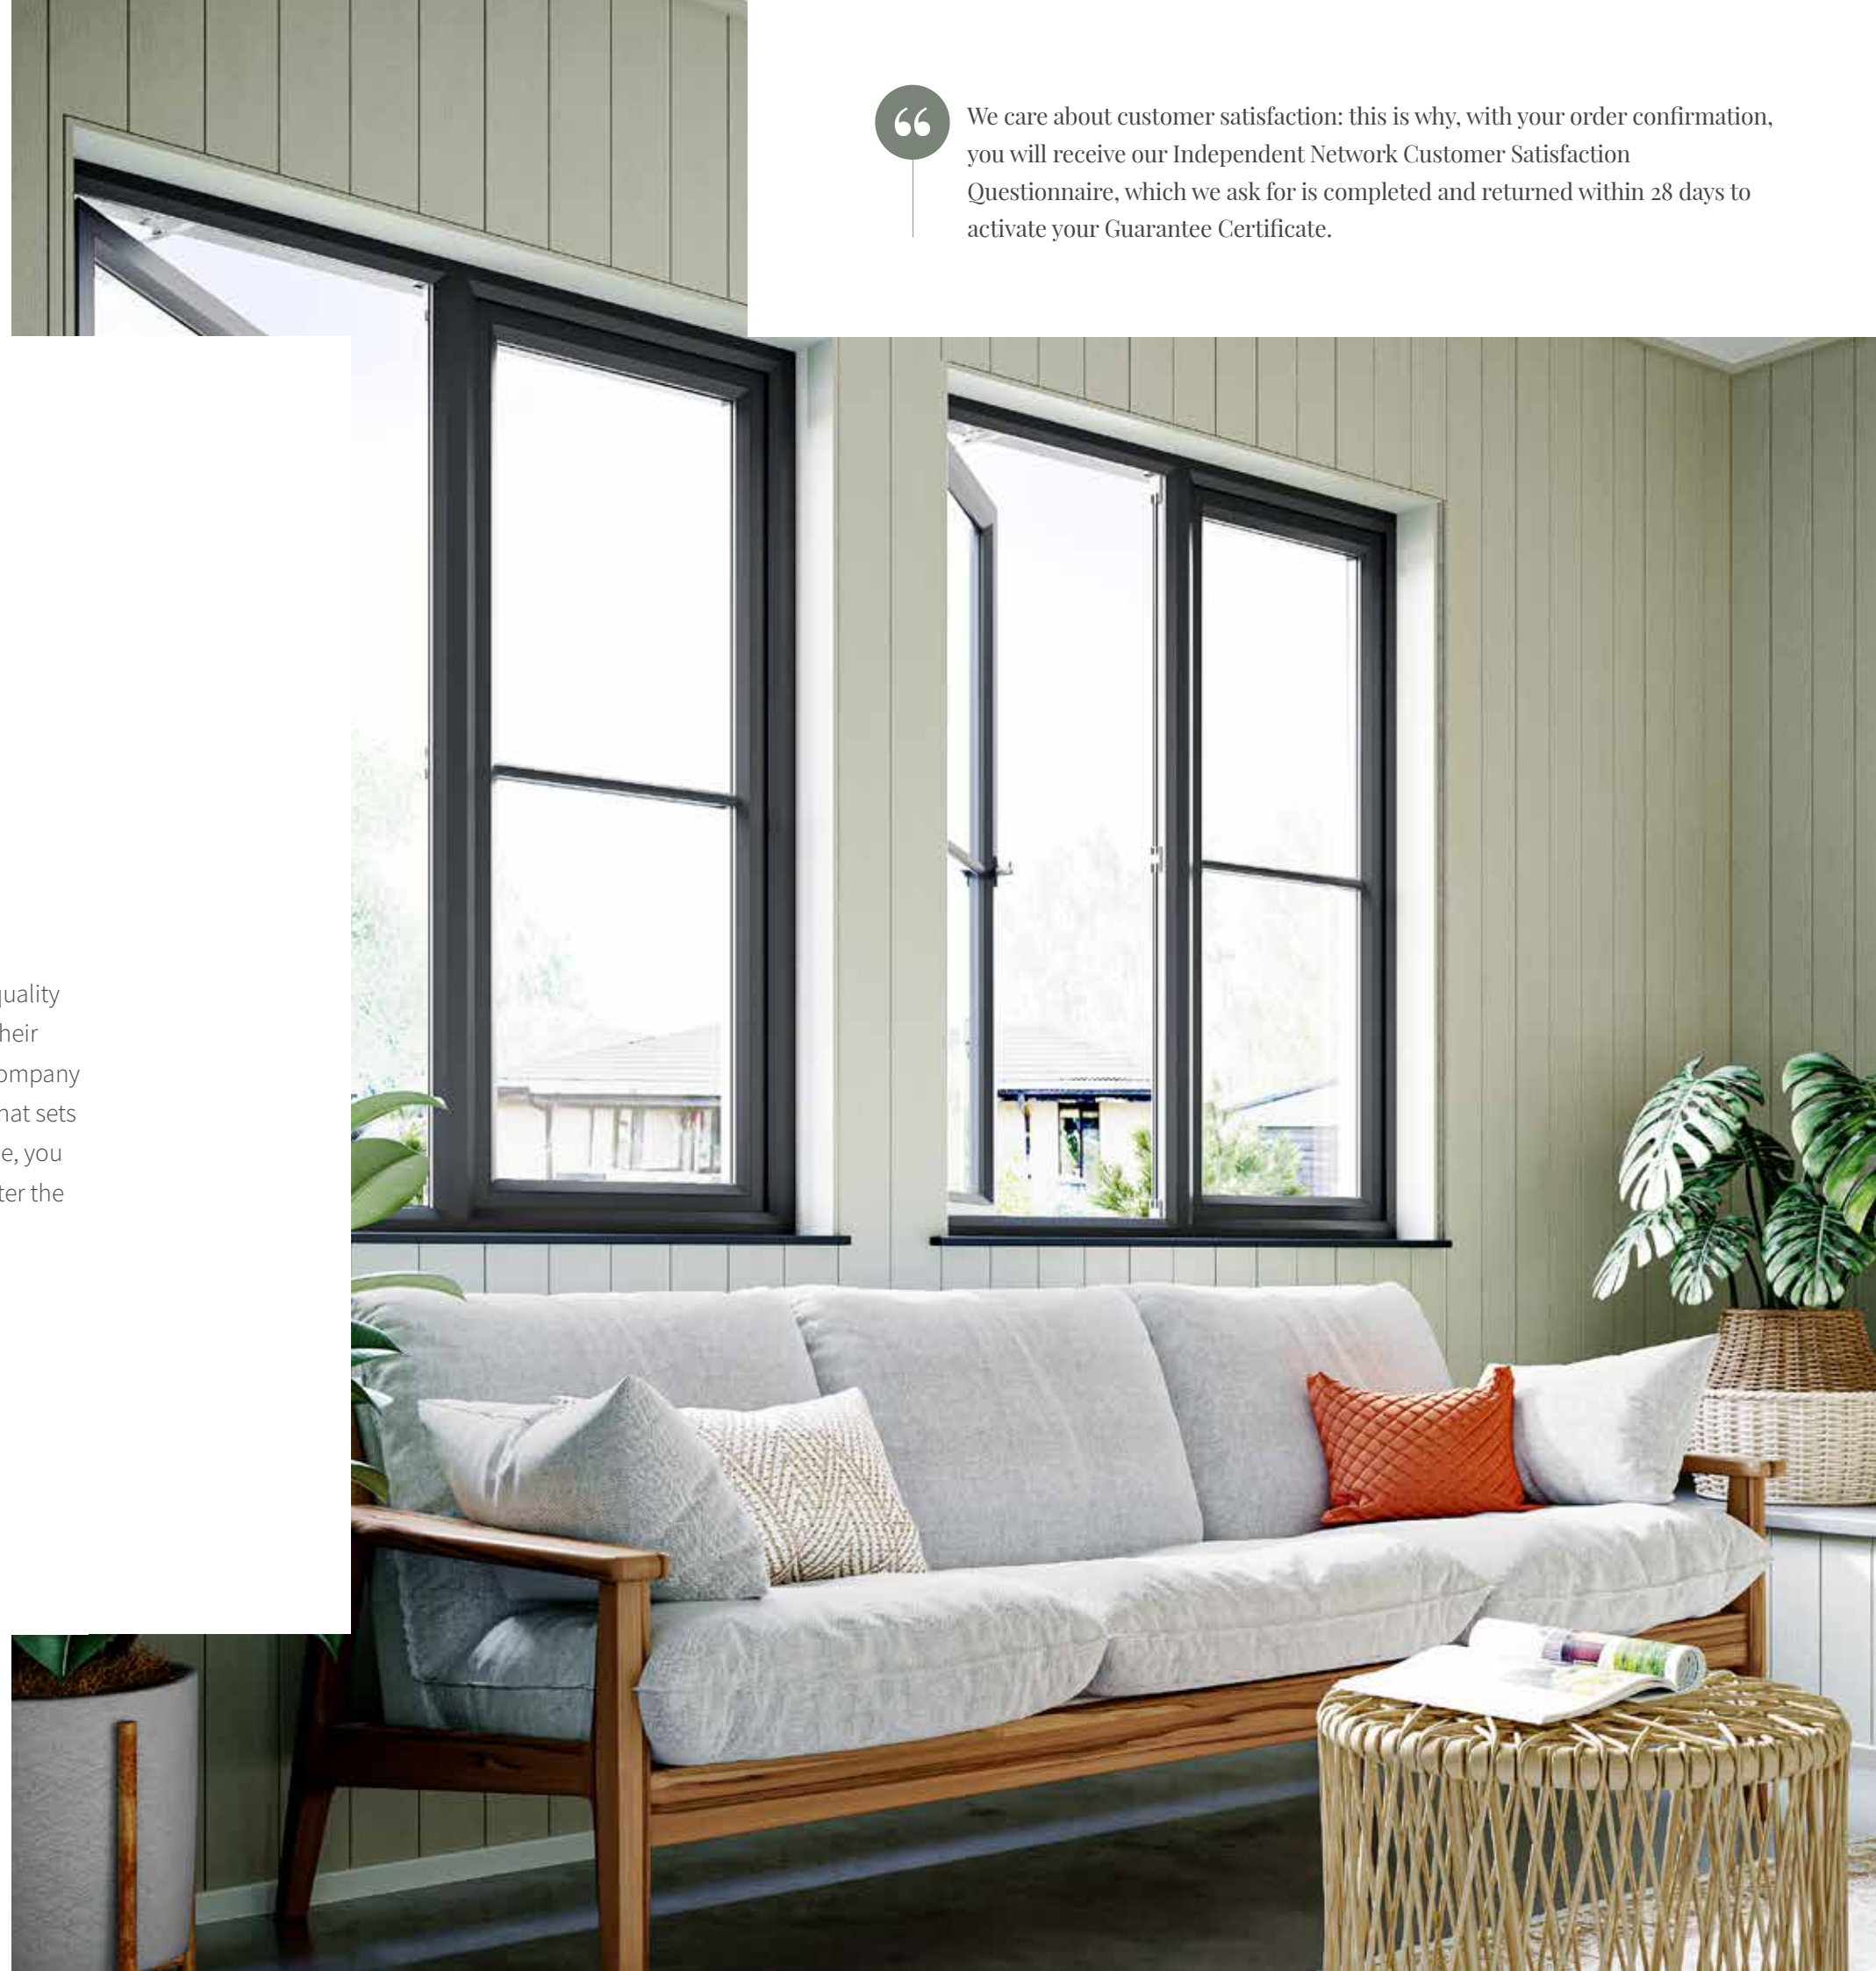

# A New Standard of Confidence

We understand that homeowners not only seek the highest quality in window and door installations, but also peace of mind in their investment. That's why we are proud to be the only system company to offer an Insurance Backed Guarantee, a robust safety net that sets us apart in the industry. With our Insurance Backed Guarantee, you can be rest assured that your investment is protected long after the last window is securely in place.

“

We care about customer satisfaction: this is why, with your order confirmation, you will receive our Independent Network Customer Satisfaction Questionnaire, which we ask for is completed and returned within 28 days to activate your Guarantee Certificate.

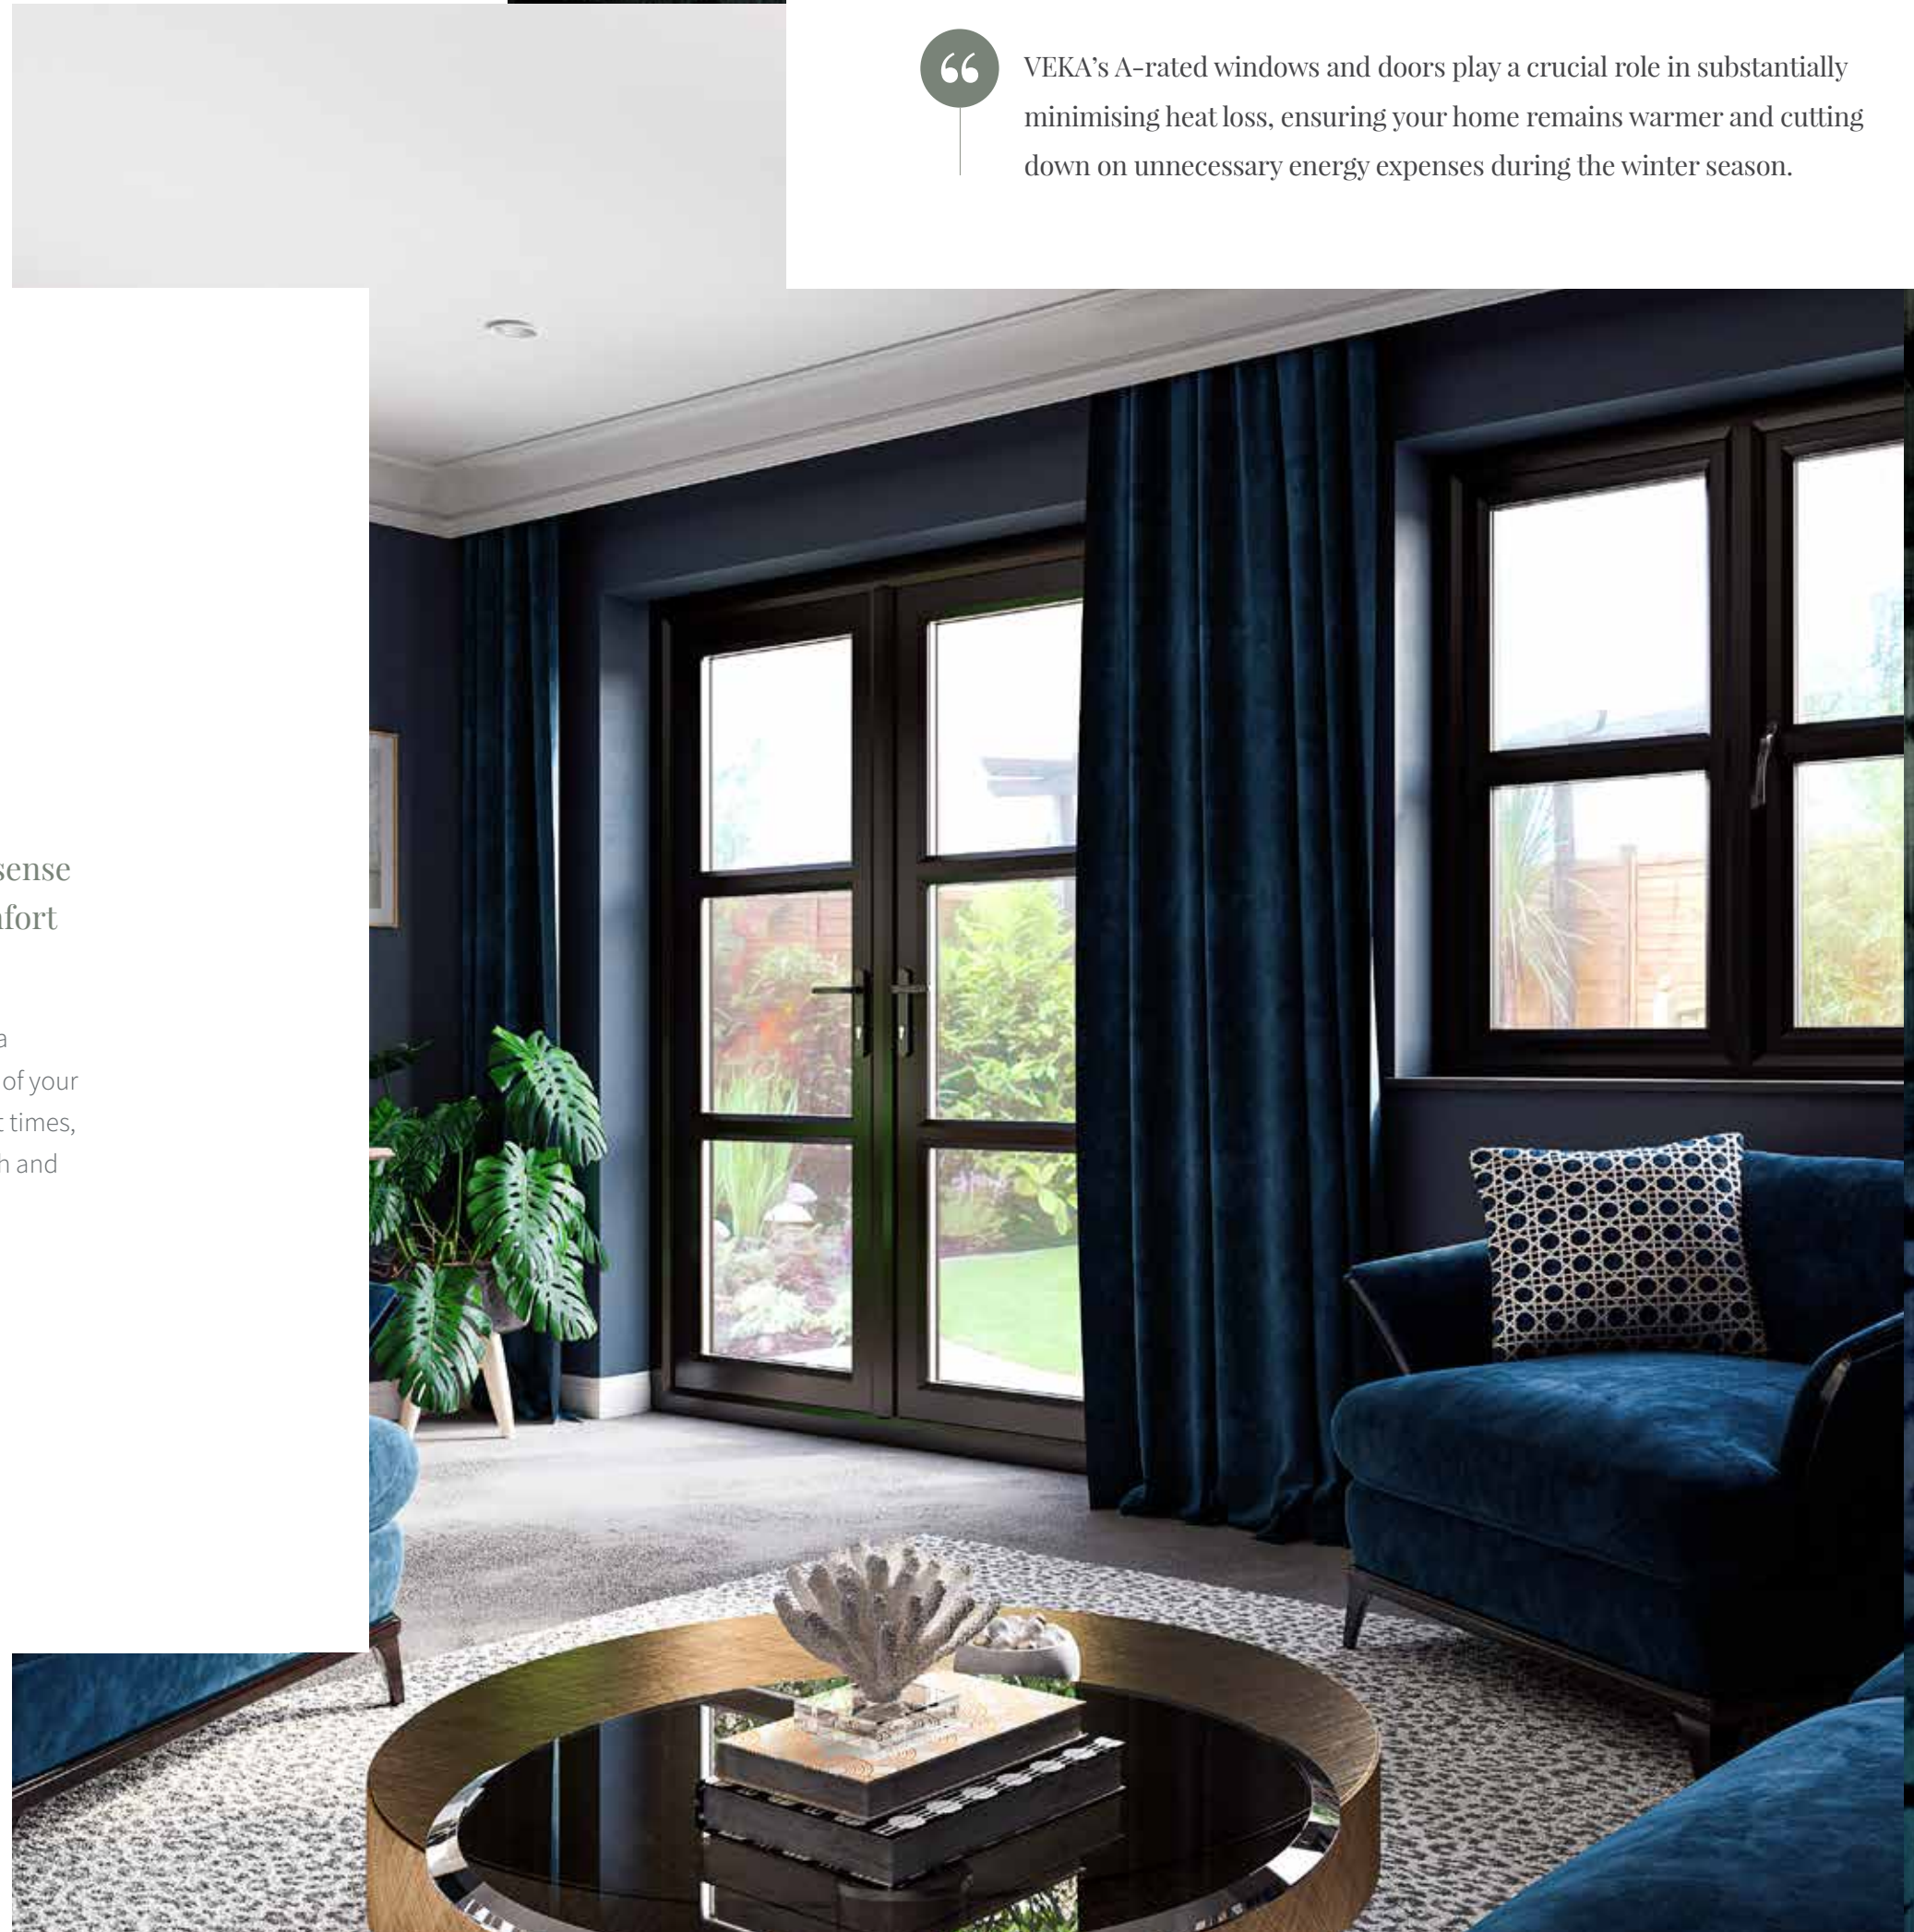

# Home*Life*Style

—— Your windows and doors elevate your sense of home by introducing light, vitality, and comfort into your daily life.

This embodies your HomeLifeStyle, and it commences with a sequence of decisions that contribute to the broader canvas of your dwelling. Even though home updates may not be optional at times, they consistently offer a moment to let your creativity flourish and design something that resonates completely with your unique essence.

“

VEKA's A-rated windows and doors play a crucial role in substantially minimising heat loss, ensuring your home remains warmer and cutting down on unnecessary energy expenses during the winter season.

# Casement Windows

— Elevate your home with a touch of architectural elegance

Casement windows, renowned for their popularity and versatility, offer an extensive array of configurations and choices to craft the ideal window for your residence. These windows can be tailored to your needs, ranging from a single sash to multiple sashes, seamlessly fitting the dimensions of your space. Openers can be incorporated on one side, both sides, the top, or the entire frame, providing diverse options for controlling ventilation.

“

With a wide range of sash sizes and opening designs at your disposal, casement windows empower you to design your window to complement your unique style.

## Your Style, Your Way

### Bevelled

Angular lines give bevelled windows a clean, modern look.

### Sculptured

Softer, rounder lines, lean towards a more traditional look.

# Flush Windows

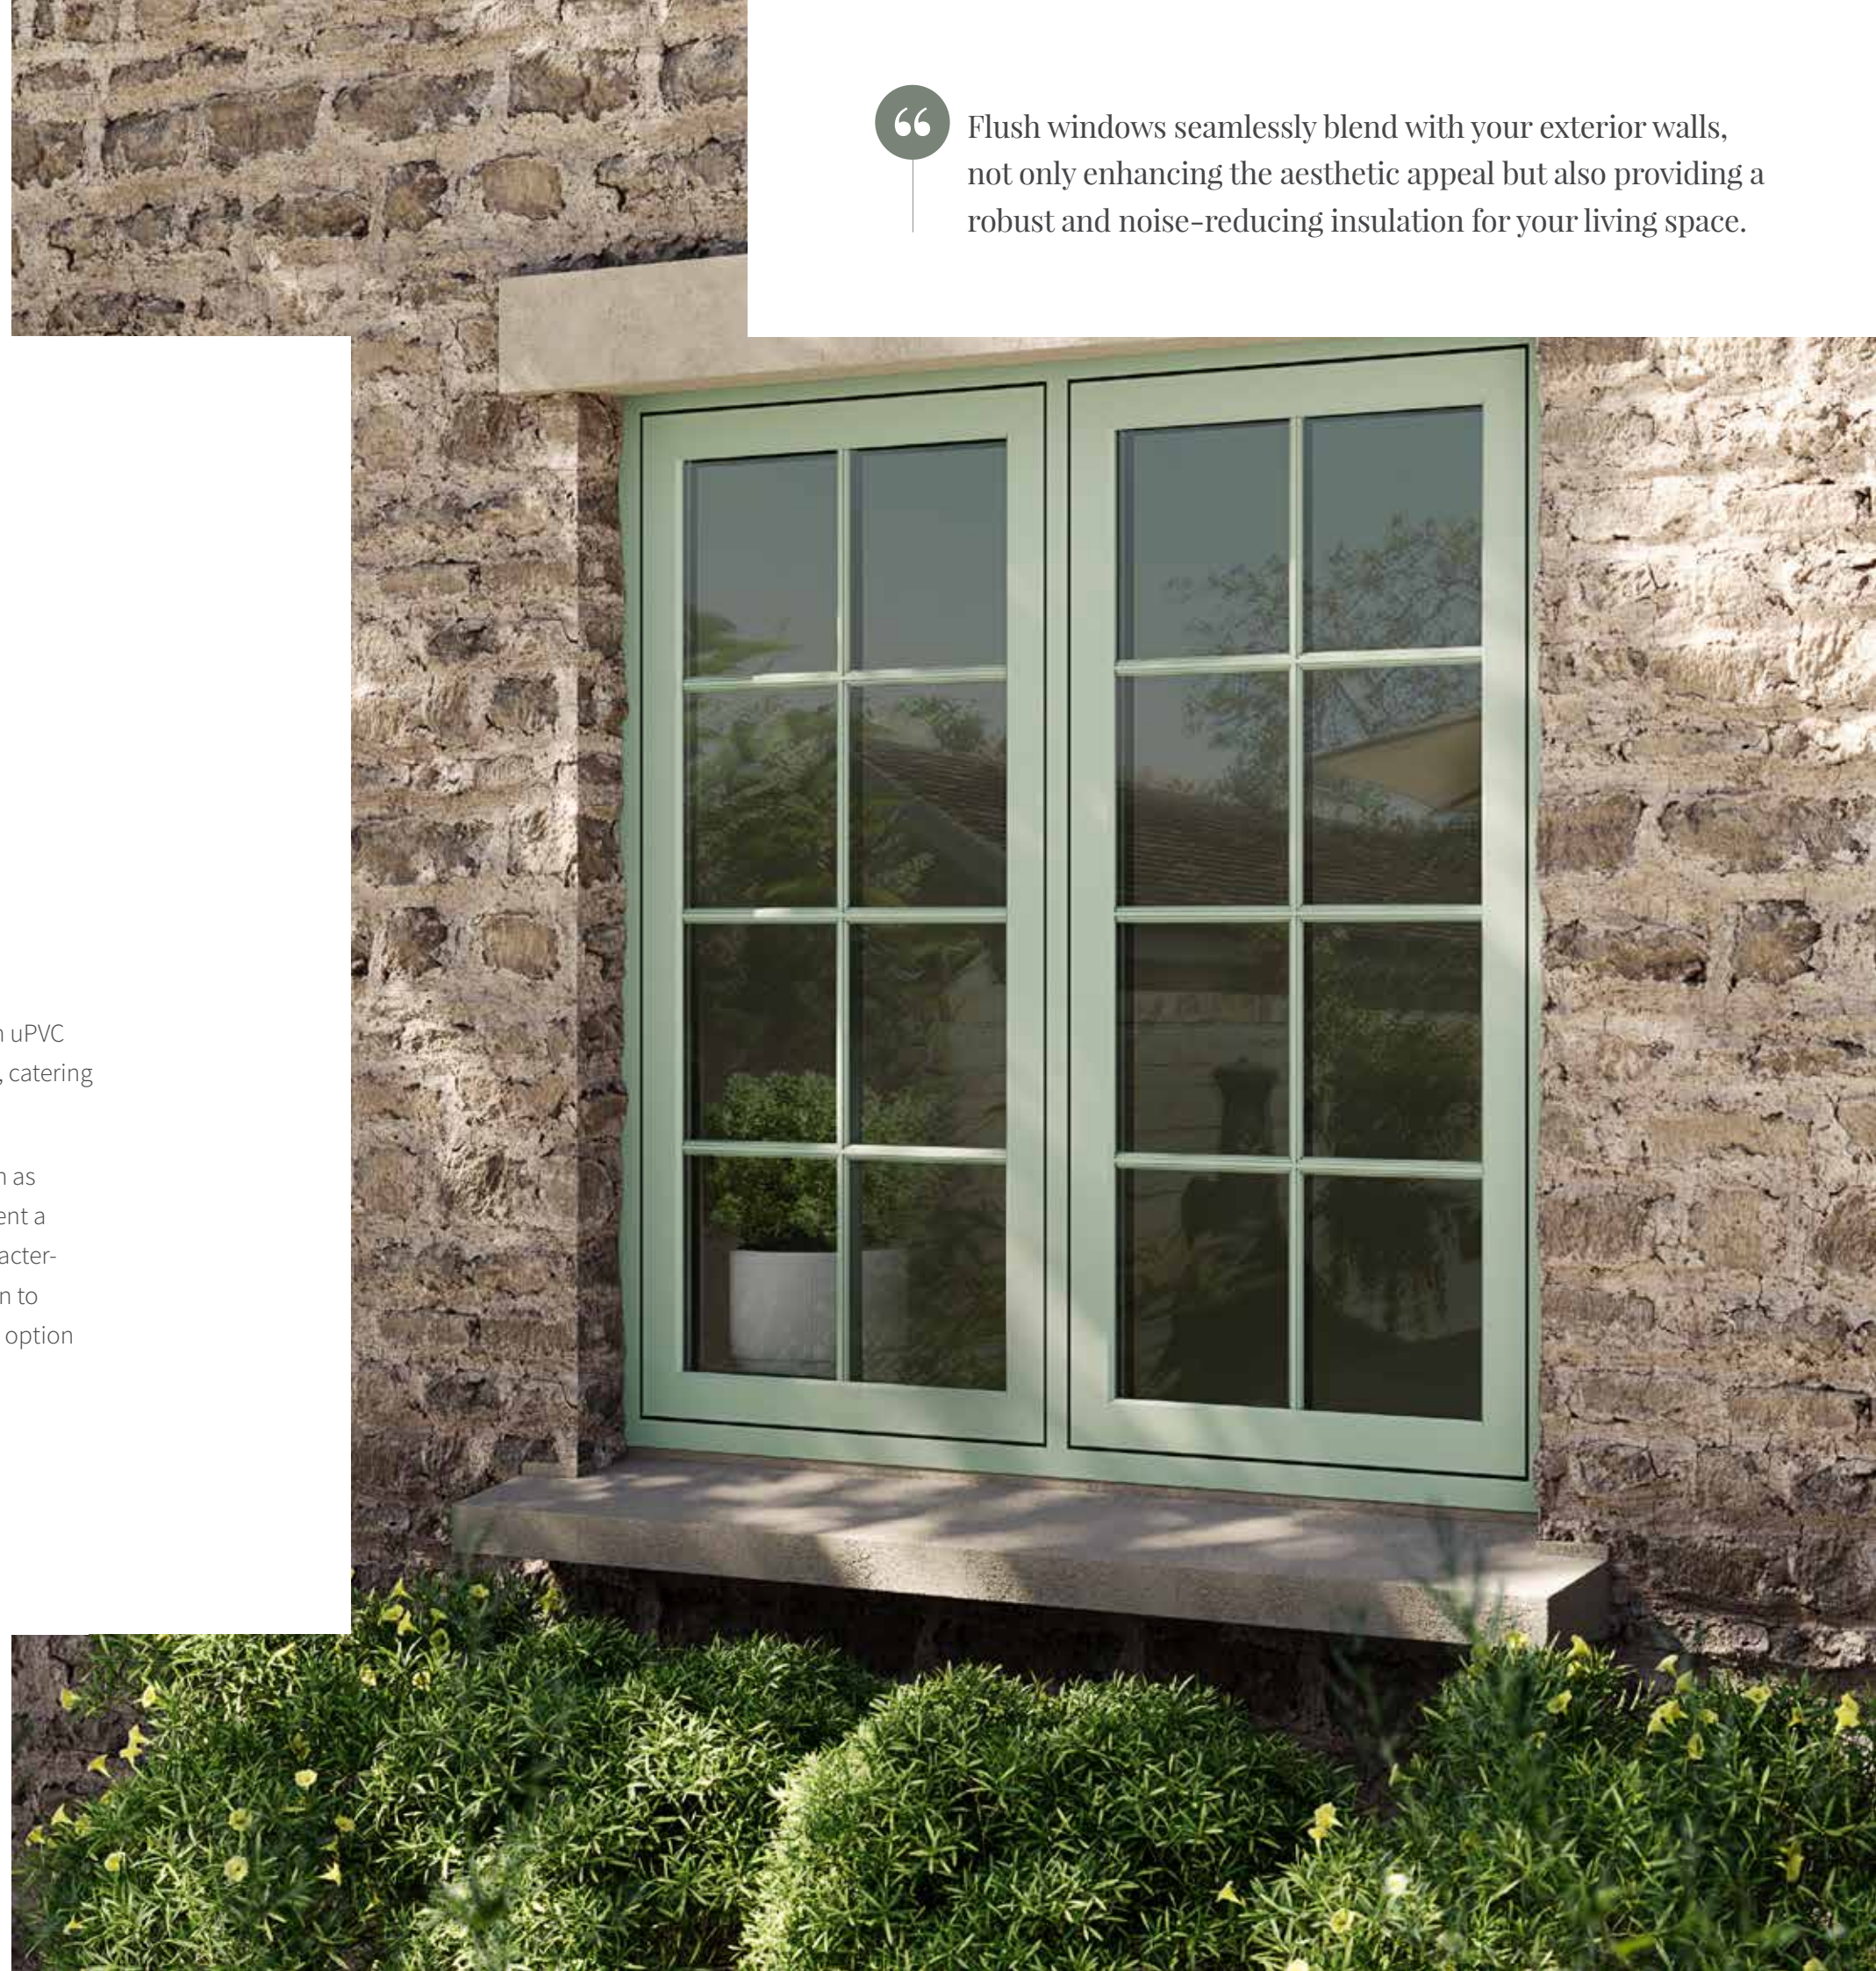

Combining versatile style with cutting-edge performance

VEKA's flush windows offer the perfect fusion of tradition and innovation. They capture the timeless elegance of traditional timber while harnessing the exceptional efficiency of modern uPVC materials. This is a style that leaves no room for compromise, catering to every type of home.

With an extensive range of colours and optional features such as heritage hardware and Georgian bars, these windows represent a forward-thinking and authentic choice suitable for both character-rich properties and contemporary homes. It's no exaggeration to say that these windows are the most adaptable and versatile option available in the market.

“

Flush windows seamlessly blend with your exterior walls, not only enhancing the aesthetic appeal but also providing a robust and noise-reducing insulation for your living space.

White Woodgrain

## Sliding Sash Windows

— Contemporary design with traditional architectural charm

VEKA's sliding sash windows effortlessly blend the enduring allure of heritage timber windows with the benefits of modern functionality. They have remained a timeless favourite, offering a touch of elegance to both period residences and contemporary houses. With the option to tailor your windows to match your home's aesthetic, these windows have a history dating back to 1669 and are an integral part of British architectural heritage. Today, thanks to technological advancements and innovative design, our sliding sash windows seamlessly unite tradition with exceptional performance.

# Tilt & Turn Windows

— Enhance your home with versatility and peace of mind

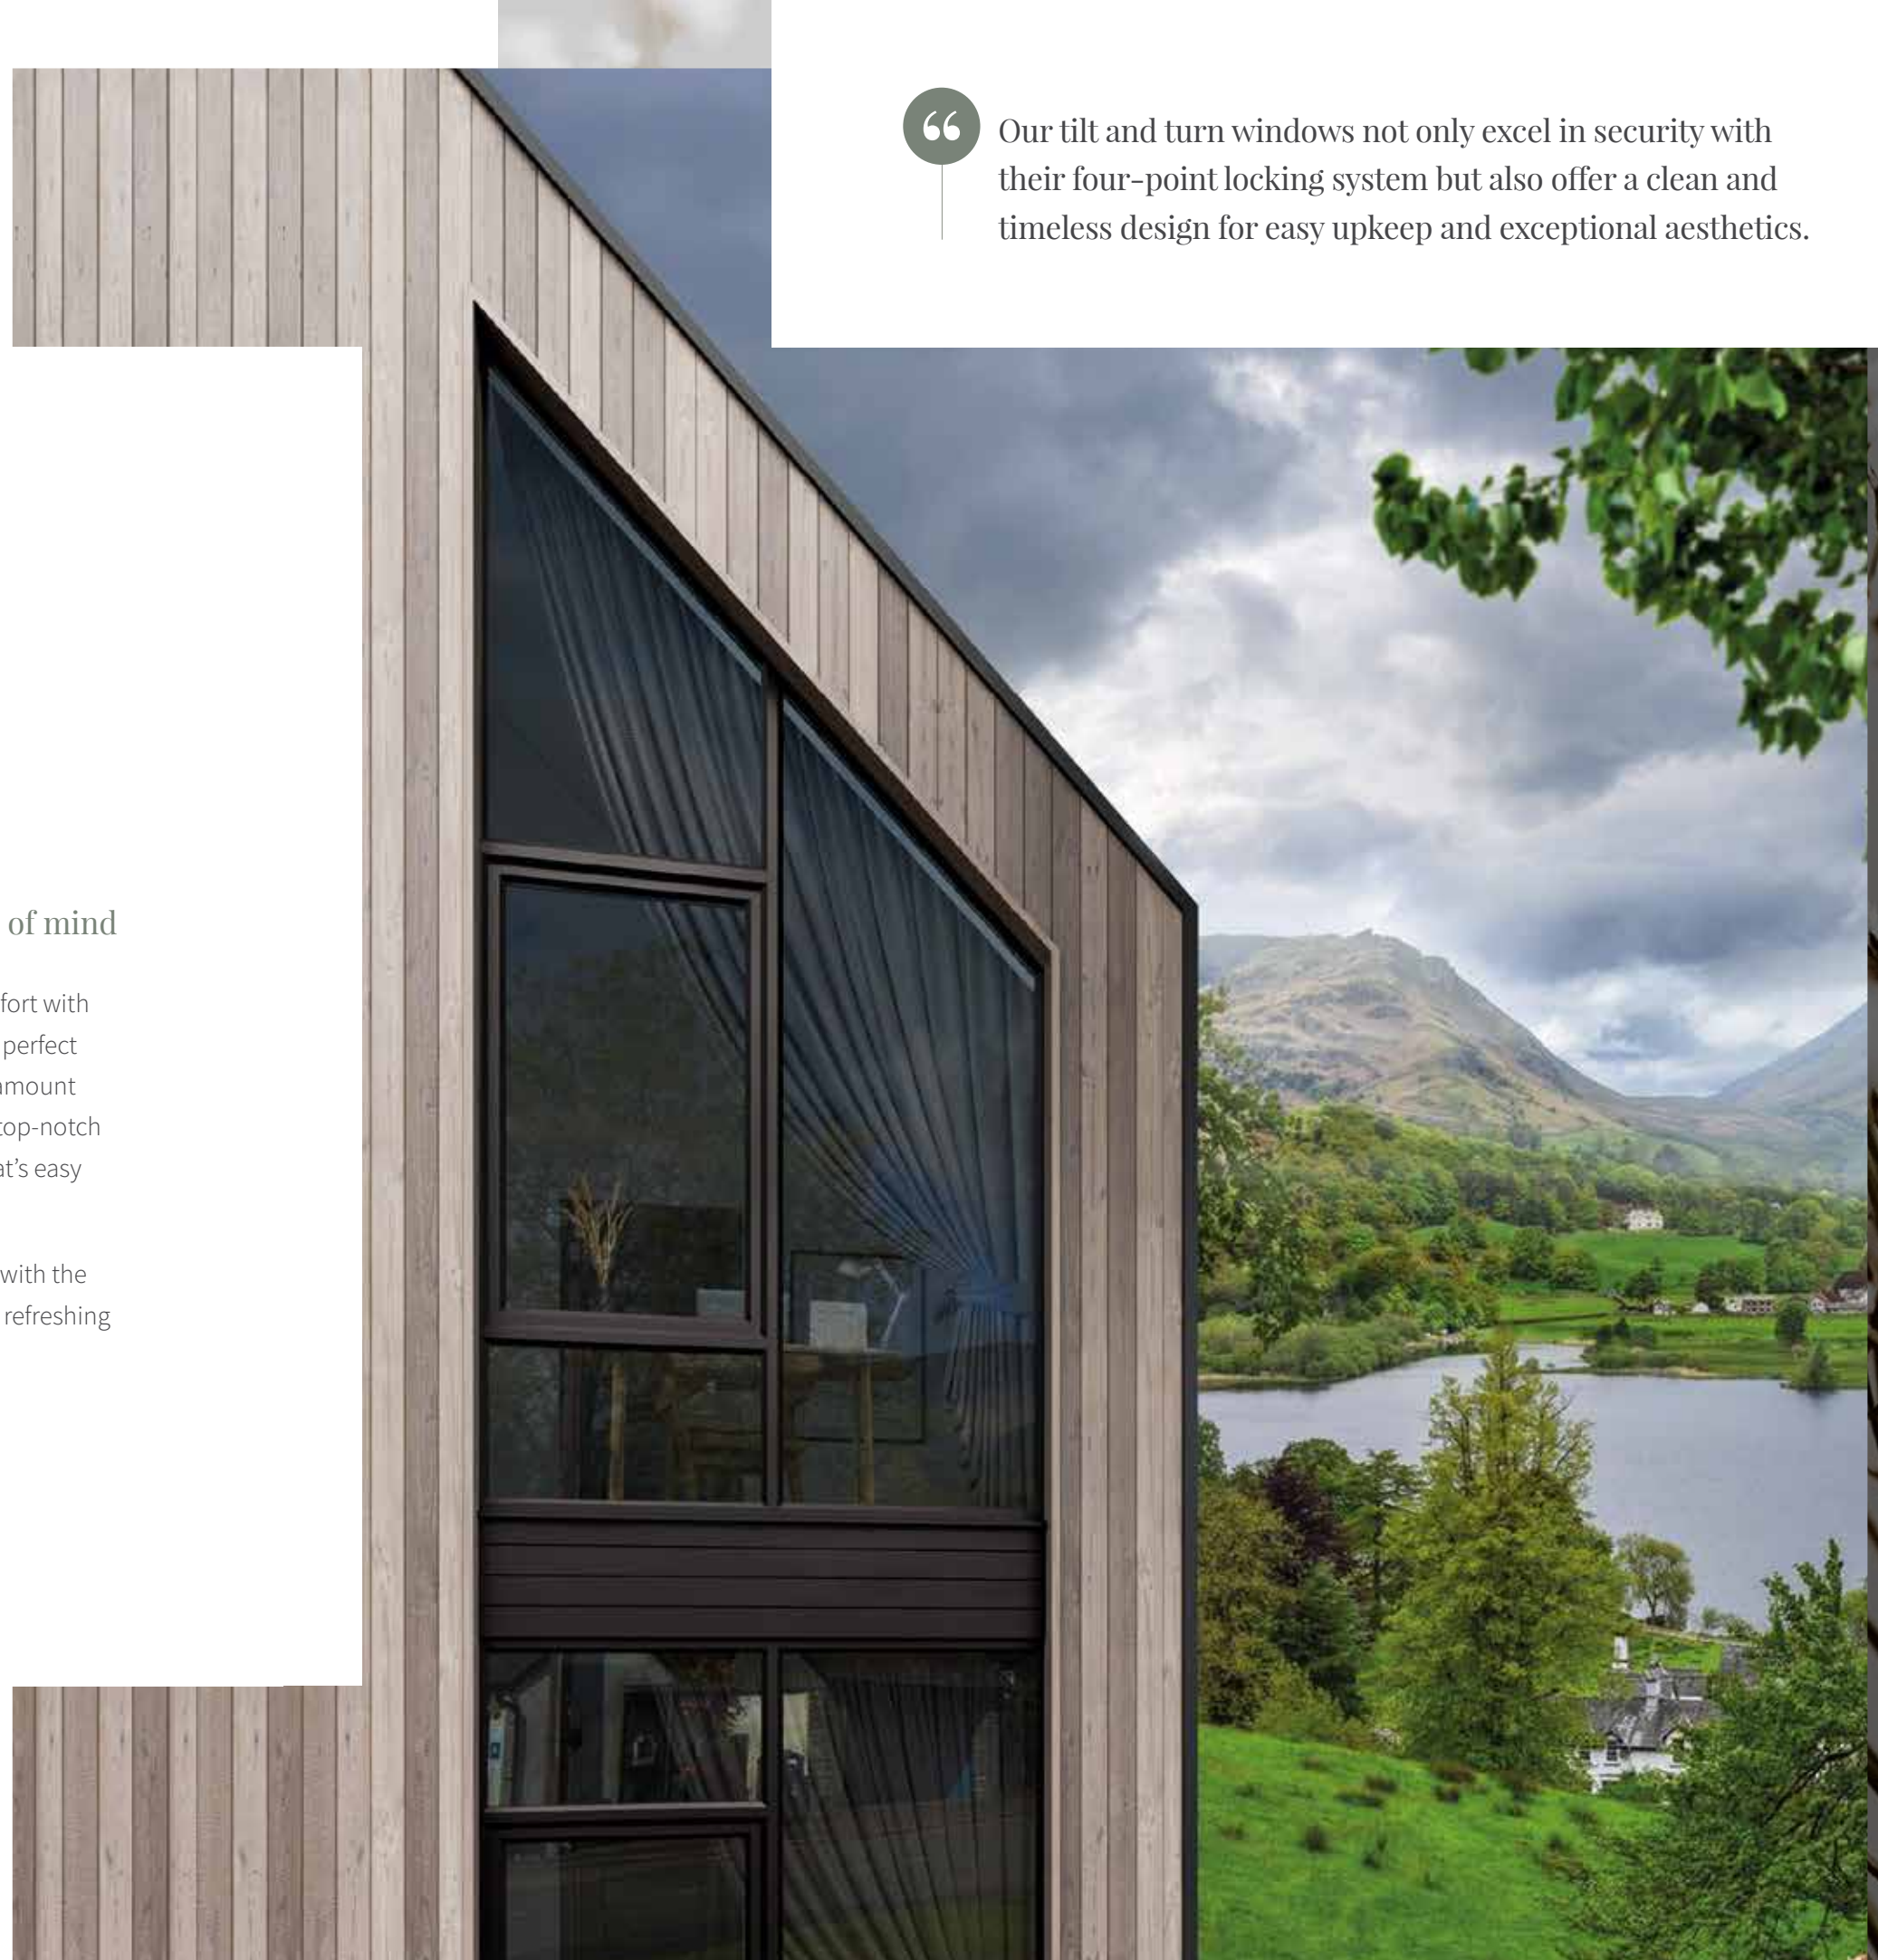

Transform your living space into a haven of serenity and comfort with our innovative tilt and turn windows. These windows are the perfect choice for households where safety and accessibility are paramount concerns. Featuring four robust locking points, they provide top-notch security while maintaining a sleek and stylish appearance that's easy to maintain.

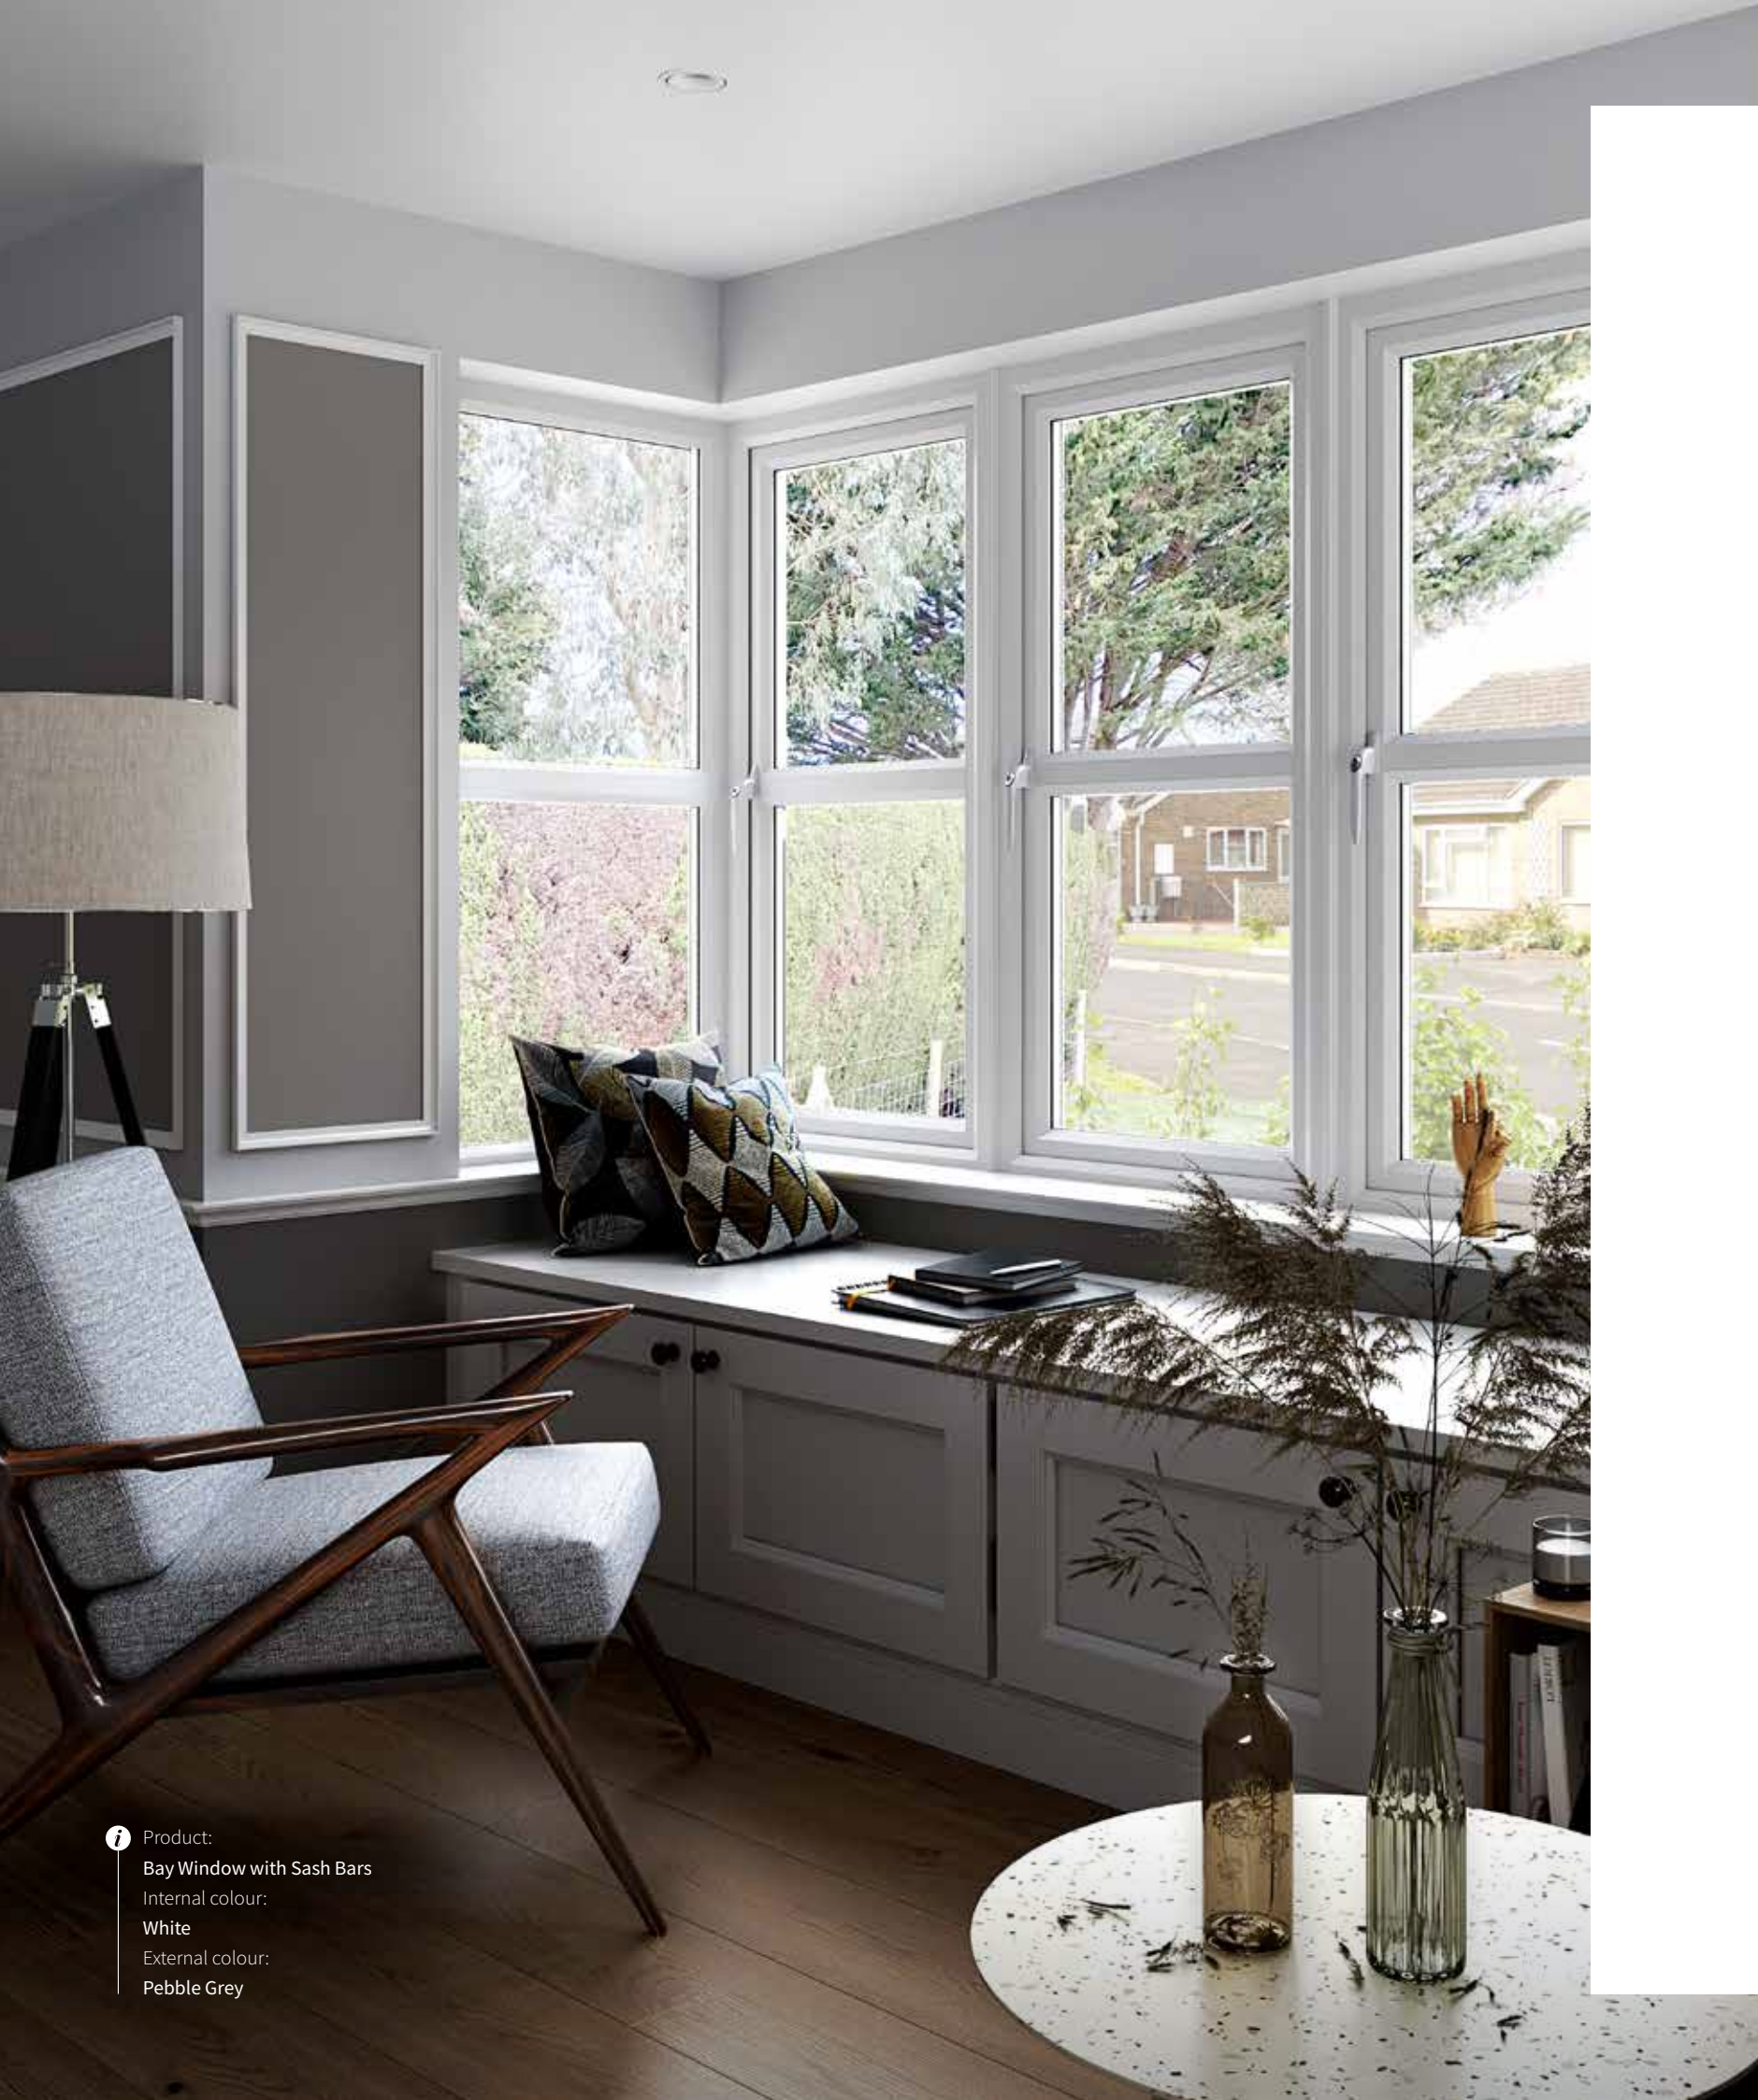

Customise your window experience to suit your preferences: with the dual functionality of tilt and turn, you can effortlessly invite a refreshing breeze into your home while minimising external noise.

“

Our tilt and turn windows not only excel in security with their four-point locking system but also offer a clean and timeless design for easy upkeep and exceptional aesthetics.

## Bay Windows

— Transform your living space and infuse your home with personality

Bay windows not only bathe your room in natural light but also exude undeniable charm, instantly becoming a captivating focal point in any space.

Benefit from excellent airflow, a variety of style options, and adaptable configurations, all while enjoying the added bonus of extra room provided by the expansive internal window ledge. Embrace the bay window as the ideal means to showcase a breathtaking view in style.

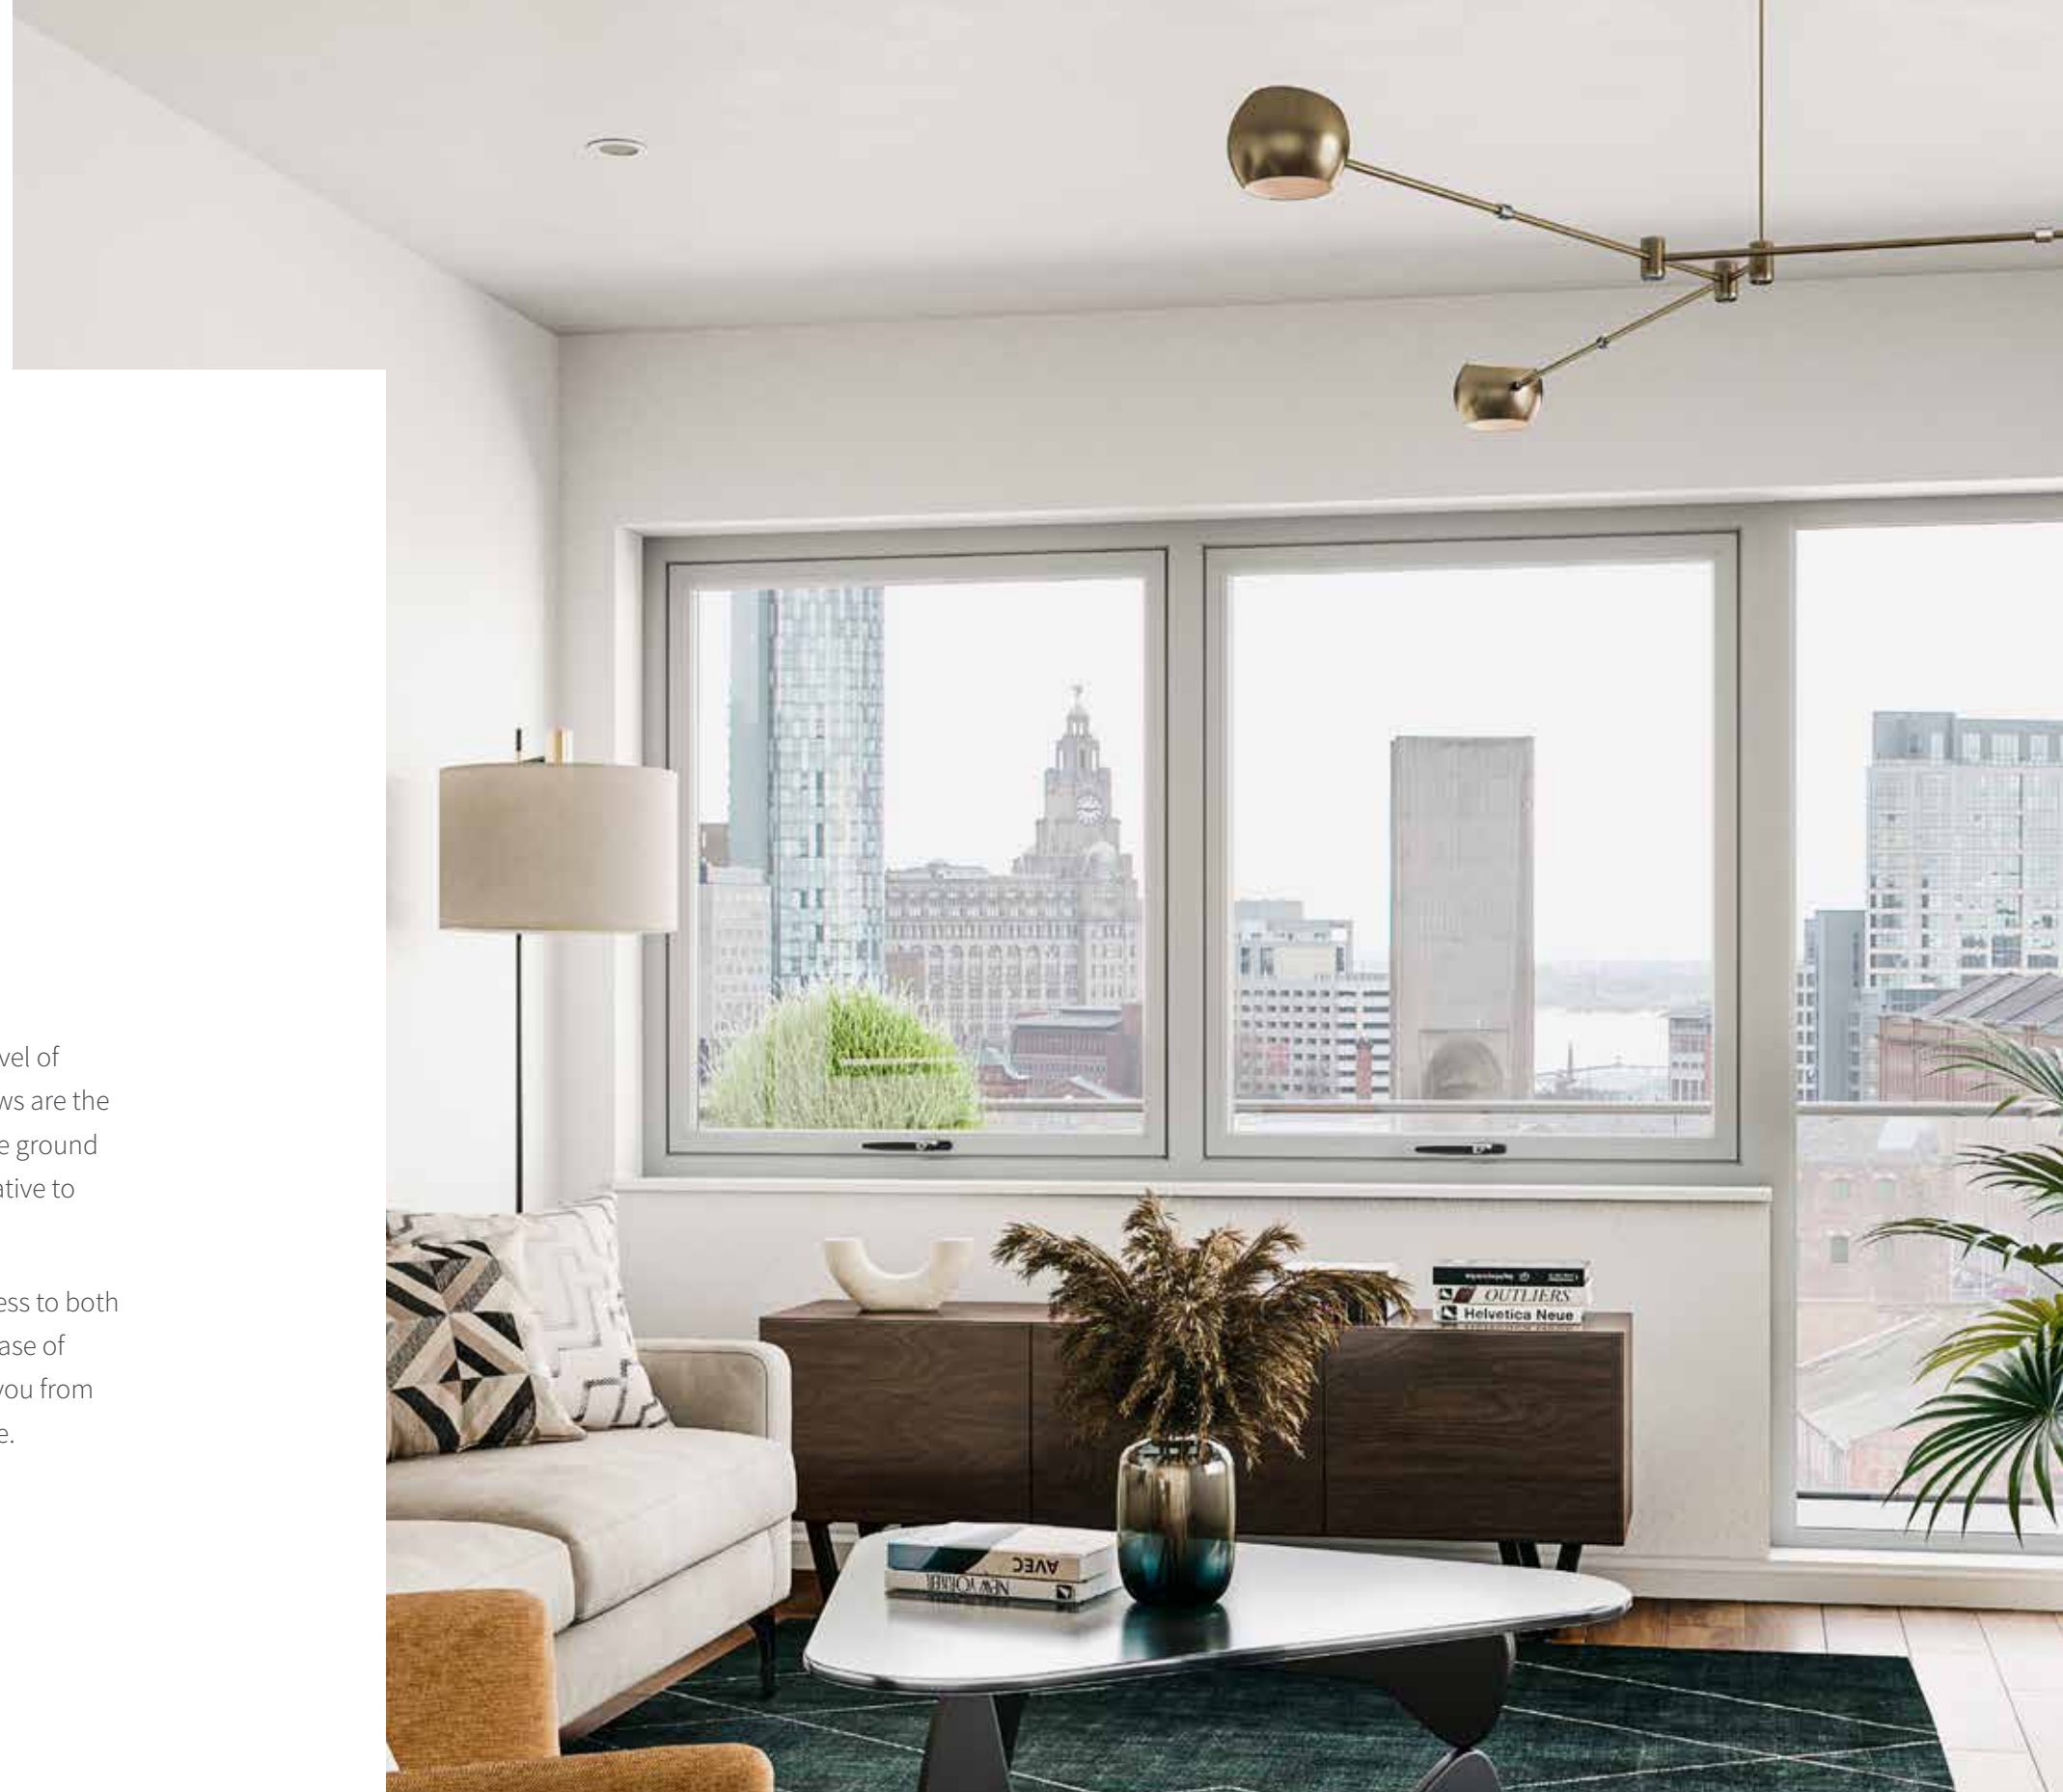

# Fully Reversible Windows

— Experience 180 degrees of crystal-clear clarity

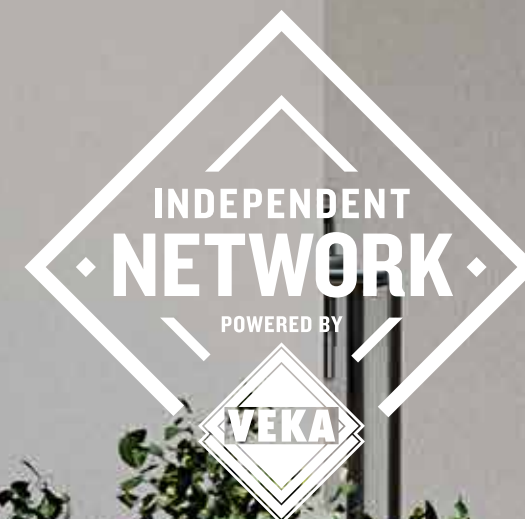

Elevate your view, enhance cleanliness, and embrace a new level of sophistication with our fully reversible windows. These windows are the perfect choice for apartments and flats, whether you are on the ground floor or higher up. This sleek design provides a modern alternative to traditional sliding or tilting windows.

With our fully reversible windows, you will enjoy effortless access to both sides of the window, making cleaning a breeze and ensuring ease of use. These windows not only offer practicality but also shield you from external noise, creating a serene atmosphere inside your home.

**i** Product:  
Fully Reversible

## Patio Doors

— Elevating your way of life has never been this seamless.

VEKA's patio doors seamlessly blend the indoor and outdoor realms, ushering in a rejuvenating and airy ambiance into your abode. Sliding patio doors expand your living space, offering an unobstructed vista of the natural world. Their sleek design ensures minimal framing, allowing you to enjoy more of your outdoor surroundings.

Setting the benchmark for insulation and user-friendliness, our patio doors effortlessly slide open, enhancing your panoramic view and enhancing your overall wellbeing.

# French Doors

— Where beauty meets function.

French doors offer a chic means to invite natural light into your living space, while also imparting a sense of expanded roominess. They serve as a graceful bridge between your indoor sanctuary and the expansive outdoors.

These doors encase your garden with a protective barrier against the elements and offer an array of colours and woodgrain finishes to seamlessly enhance your home's aesthetic and character.

Moreover, the option to pair your French doors with sidelights and windows ensures that your selection is both functional and visually captivating.

“

French doors come in a range of colours and woodgrain finishes to exquisitely complement the style and type of home you inhabit.

## Conservatories & Orangeries

— A room with a view.

Live luxuriously in natural surroundings with the addition of a conservatory or an orangery. Regardless of your choice, you will elevate your home's atmosphere and worth, all the while enlarging your living area and infusing your indoors with an abundance of natural light.

Originally conceived as havens for tropical flora and bountiful fruits, conservatories and orangeries have evolved into veritable extensions of your residence, providing a fresh realm for entertaining, relaxation, or fostering connections.

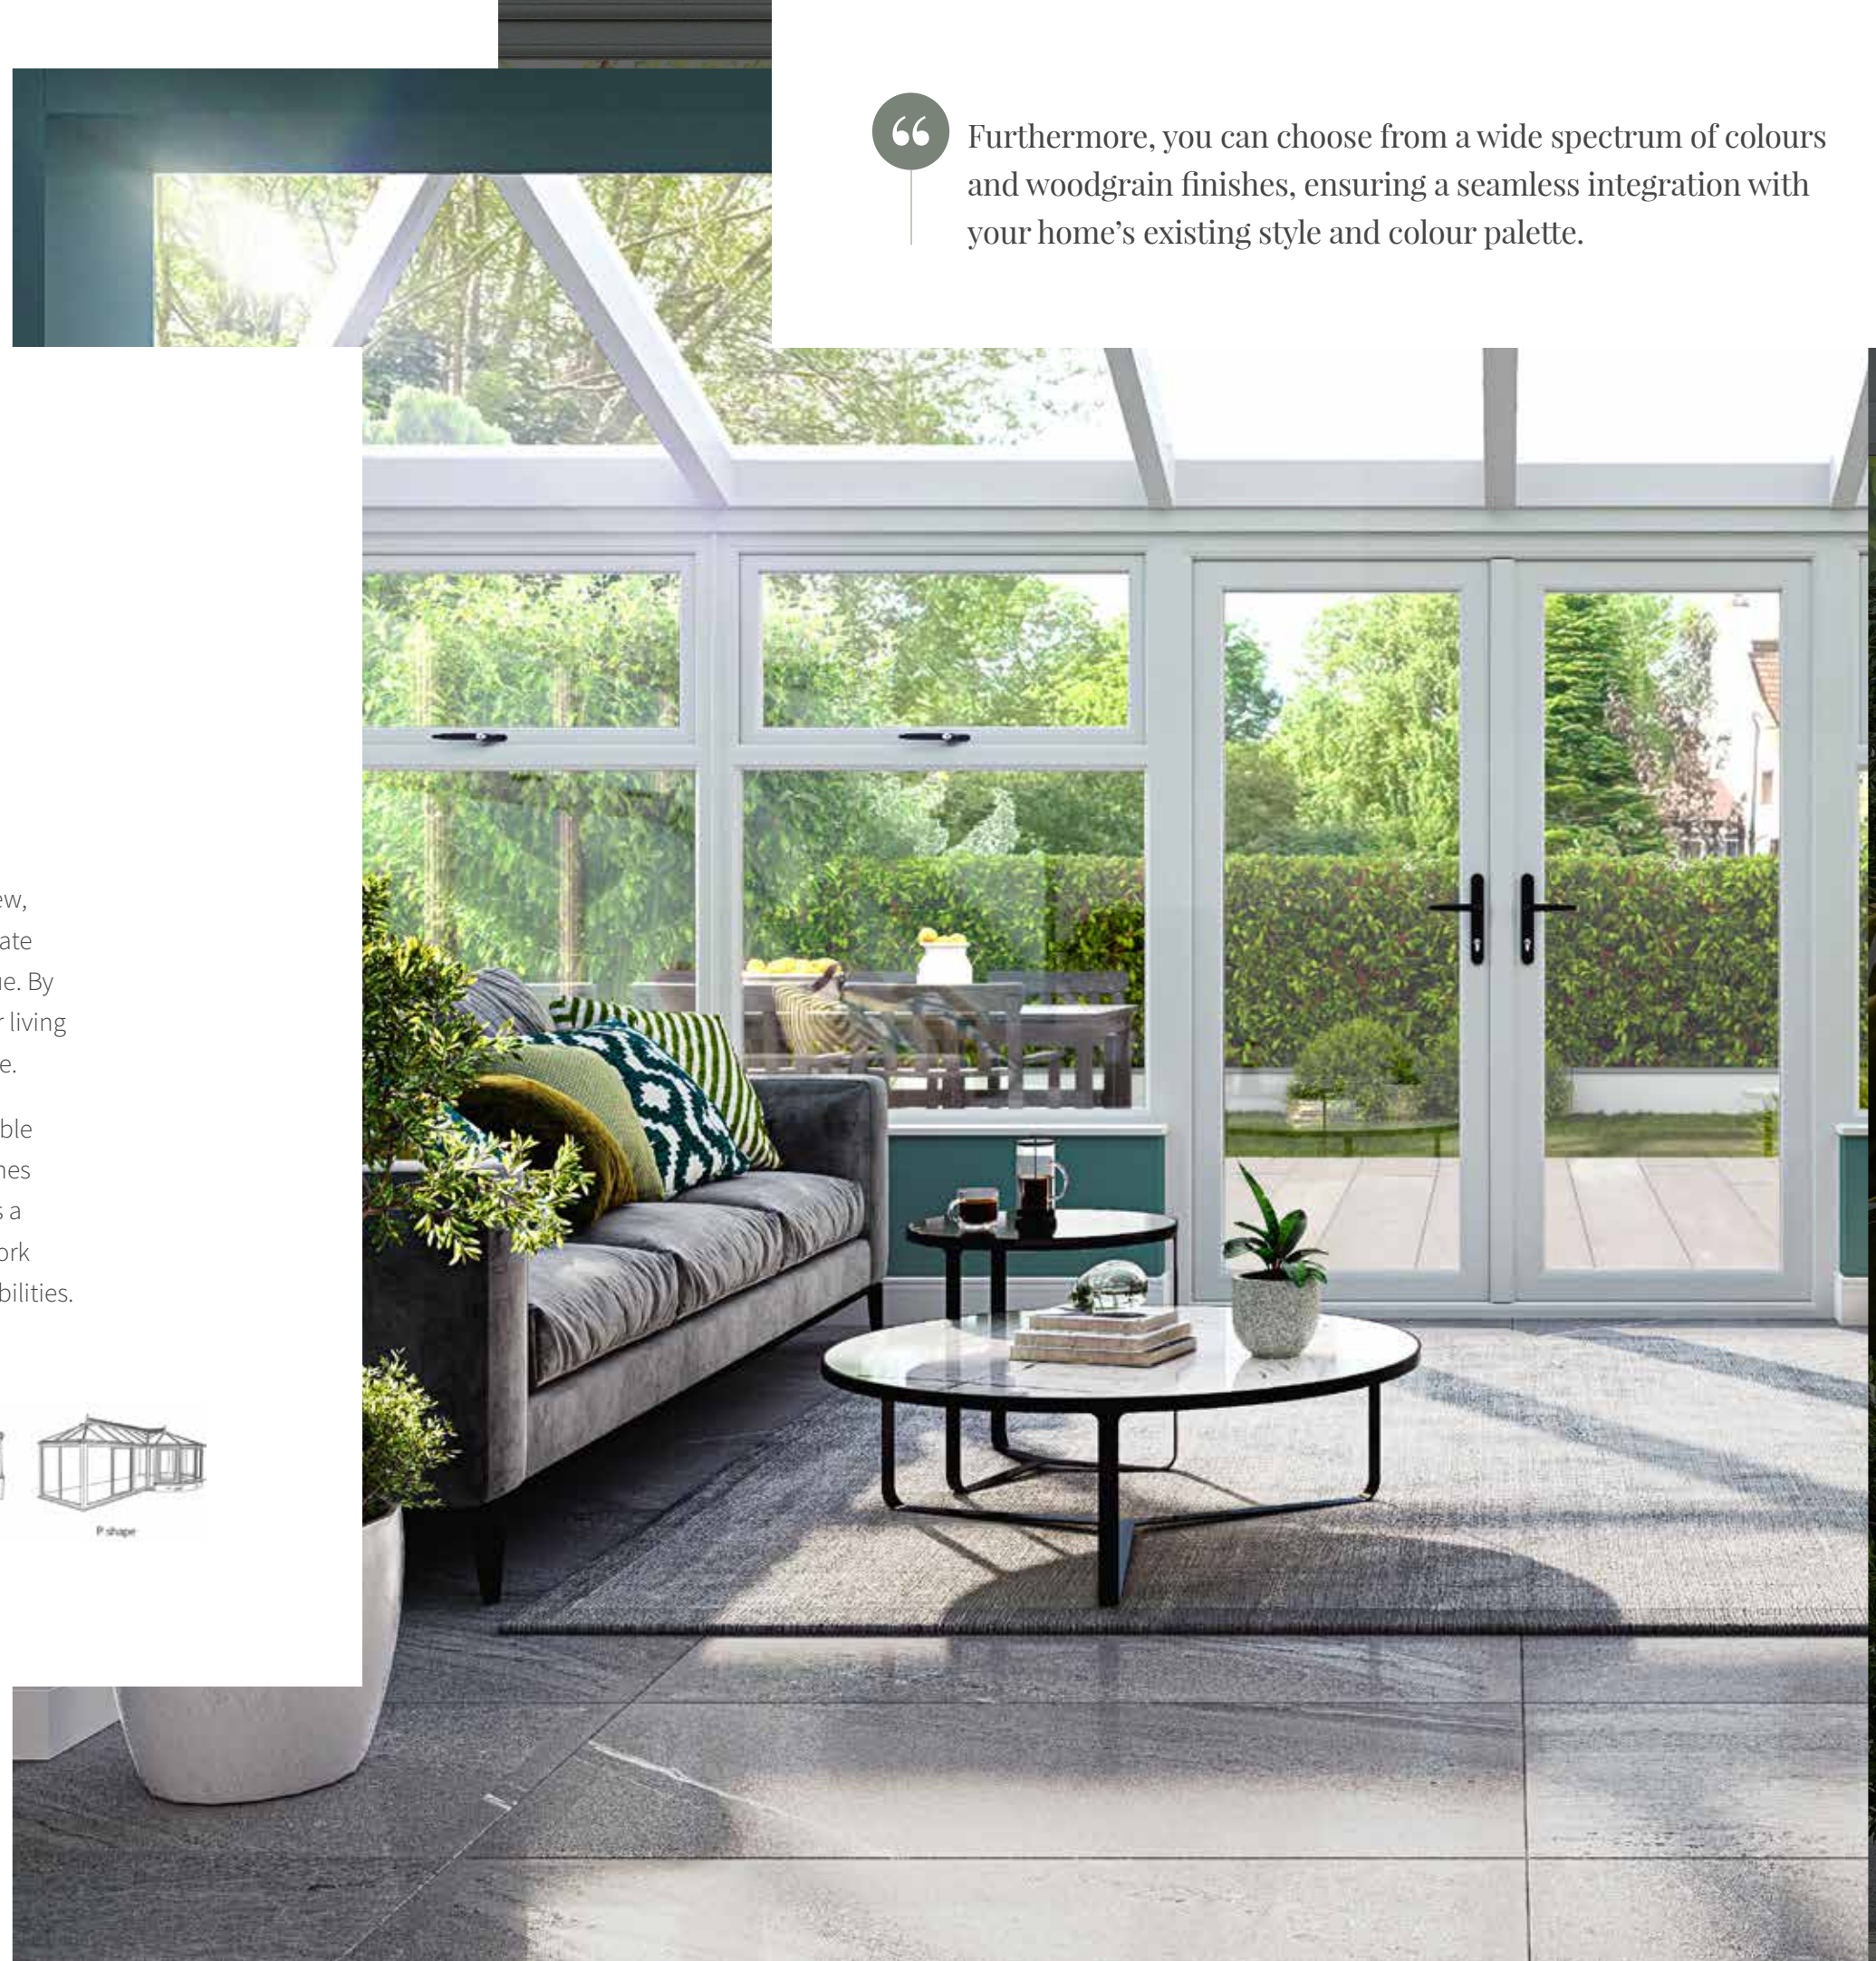

# Conservatories

Transforming a mere room into a captivating space with a view, a well-considered and expertly crafted conservatory can elevate your home experience while simultaneously boosting its value. By introducing an influx of natural light and an extension of your living area, conservatories serve as versatile additions to your home.

Conservatories come in an array of styles, making them suitable for various purposes such as an additional living room, a games haven, or even an inspiring studio. Whether you lean towards a contemporary or traditional aesthetic, as Independent Network members we are here to guide you through the myriad possibilities.

“ Furthermore, you can choose from a wide spectrum of colours and woodgrain finishes, ensuring a seamless integration with your home’s existing style and colour palette.

# Orangeries

Experience the adaptability of a Conservatory, now featuring a sturdier structure that harmonises seamlessly with the timeless aesthetics of your residence. Orangeries not only expand the usable area within your home but also infuse your living space with an abundance of natural light and versatility.

Subtle design distinctions set Orangeries apart from contemporary Conservatories. These distinctions include a more substantial brick-built frame, conventional walls, a reduced number of windows, and a classic solid roof, often adorned with skylights.

Whether envisioned as a dining area, a secondary lounge, or a dedicated hobby room, an Orangery has the potential to significantly enhance your living quarters.

## The Details Make the Design

Product:  
Casement Window with Sash Transom & Engineered uPVC Entrance Doors  
Colour:  
White Woodgrain & Cream

# 16 Captivating Colours

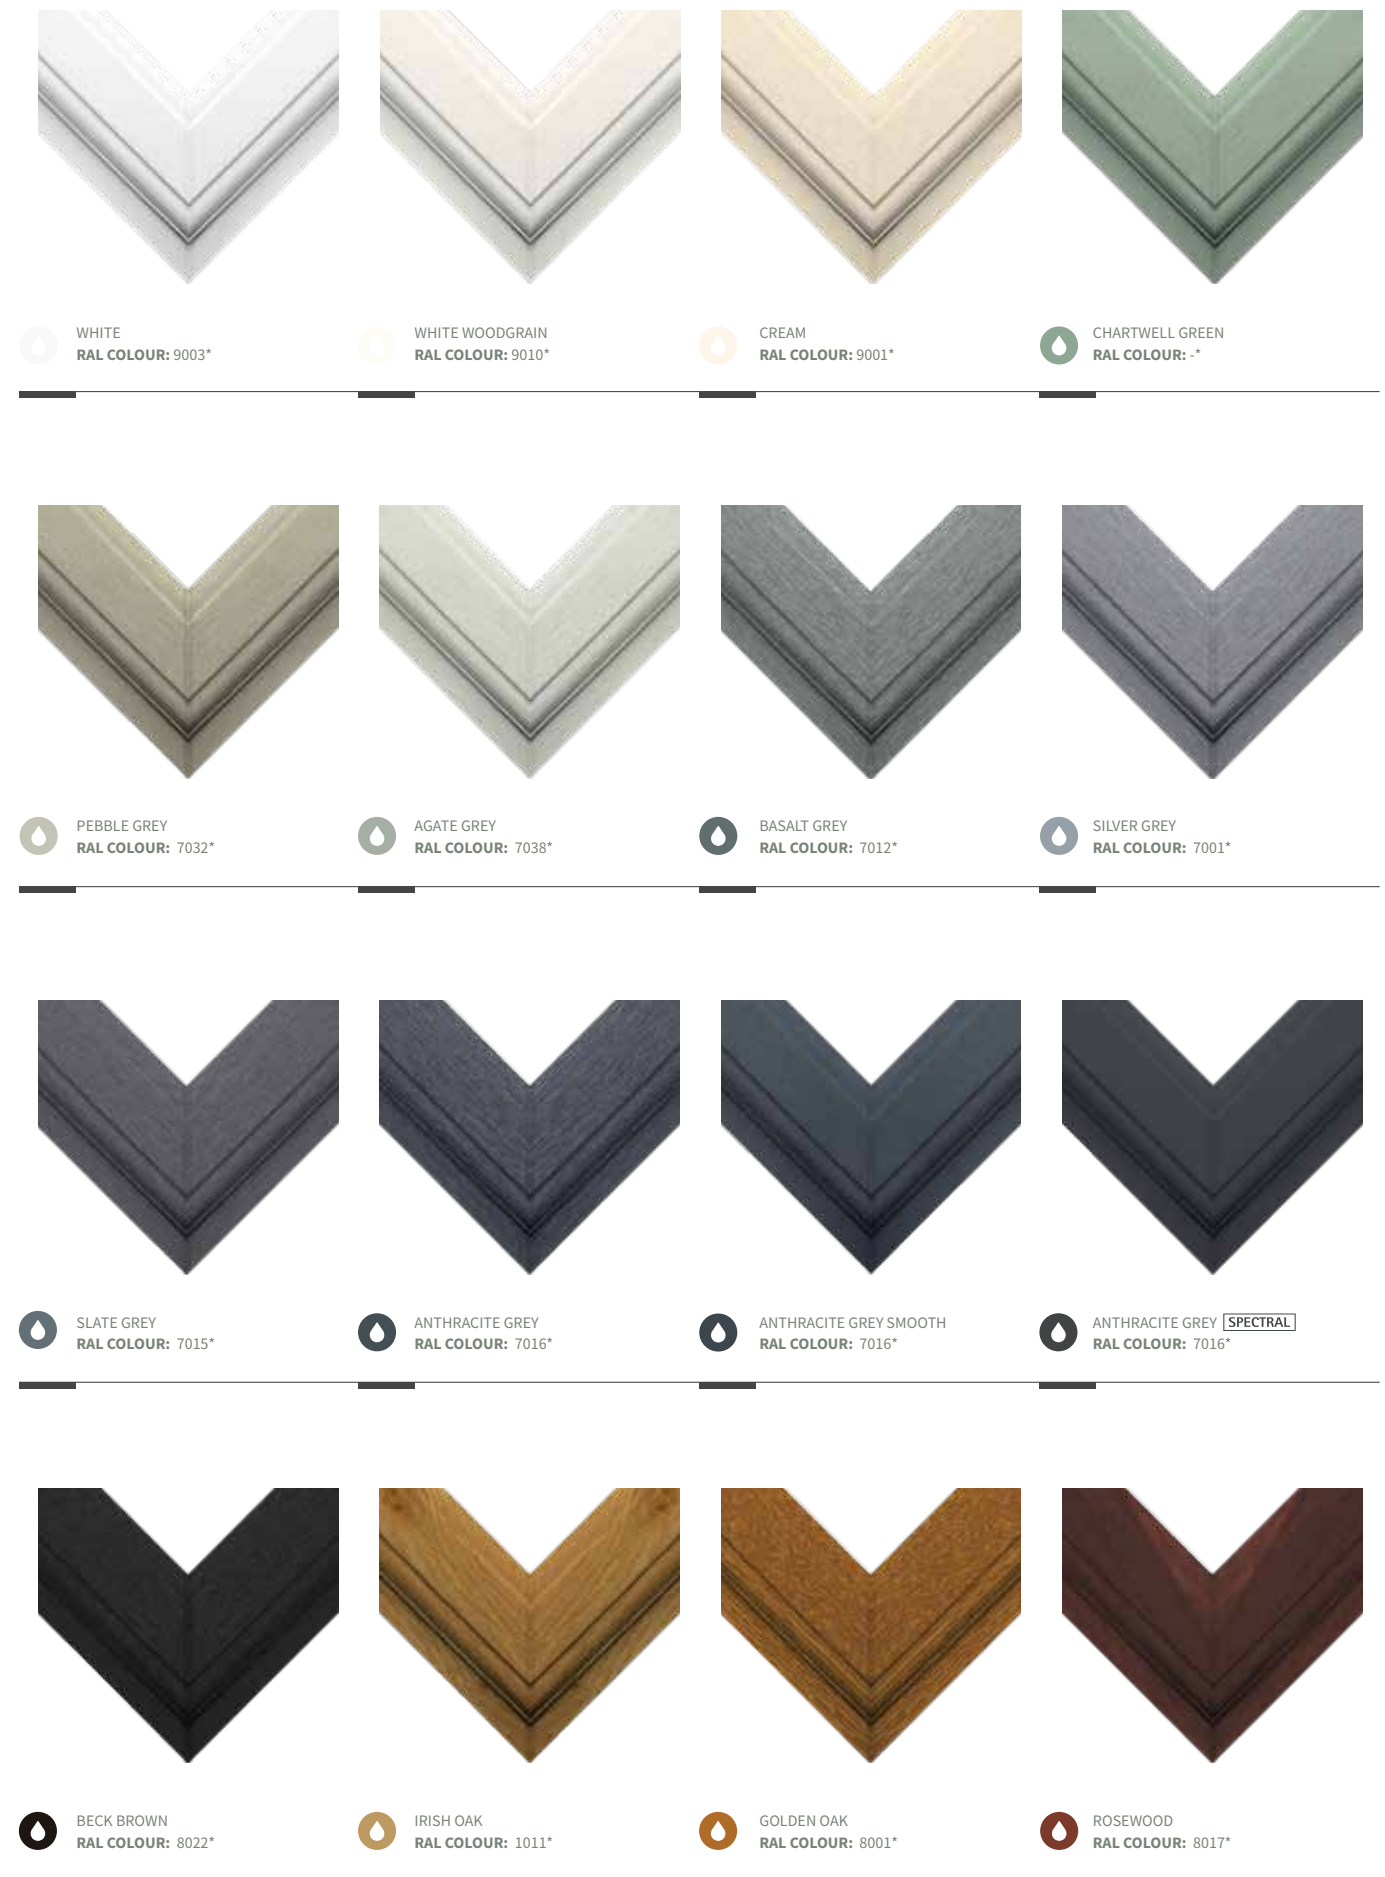

Presenting an array of 16 captivating colours for your selection, spanning from woodgrain textures to elegant matte choices. This allows your windows and doors to emerge as unique expressions of character and elegance within your home. Each colour variation emanates a natural aesthetic that effortlessly harmonises with or diverges from any style – whether it’s classic, contemporary, or industrial.

Whether your preference leans towards vivid, neutral, earthy, or modern hues, this diverse range of options empowers you to determine the path that resonates most with your vision.

Make a statement inside and out.

Admiring the colour of your windows shouldn’t be left just for the passersby. Frame your room and enjoy colour inside too.

**i** Ask your installer for more information on colour combinations.

## Finishing Touches

Individual taste, styles and preferences will influence not only the windows and doors you choose, but the finishing touches too. It's about creating a statement, enhancing kerb appeal, and bringing your personality to life through your home.

Whether you are looking for a contemporary feel or prefer a more traditional approach, there is a range of hardware for you. All are crafted in a variety of high-quality colour options that perfectly complement across both windows and doors.

**i** Ask your installer for more information.

## Safe & Secure

For enhanced security and peace of mind, all VEKA systems meet PAS24 and the Secured by Design (SBD) standard.

PAS 24 is a standard of testing to measure the security performance of windows and doors to ensure they can resist a level of attack from an opportunist burglar. Secured by Design (SBD) is an initiative that organises accreditation for products on behalf of the Police. To be awarded an SBD Standard, the product must meet requirements to prevent crime to a 'Police Preferred Specification'.

# Making Your Home More Energy Efficient

The windows and doors in your property are just one part of the puzzle when it comes to achieving an energy efficient home.

The energy performance of a window or door is influenced by a wide range of factors, so it's not easy to gauge by just looking at how it's made. Fortunately, there's a rating scheme to help you find the best one.

The energy efficiency of each window or door is categorised using an energy-rating scale from A++ to E. The complete product (frame and glass) is assessed to allow for heat loss, draughts and solar gain, giving a rating that indicates the overall impact of installing the product in your home.

## U-Values

You may see a U-Value quoted on a product's energy label or promotional materials. This is a measure of how easily heat passes through the product and contributes to how efficient the product is. But this is not the complete measure of efficiency, and you need to take the overall energy label rating when considering the product's energy saving potential.

## Sustainability

Not all plastic is bad. When it comes to windows and doors, uPVC is the most energy efficient amongst its peers. Plastic is an insulator unlike wood which is porous, whilst aluminium can cause thermal bridging and increased condensation. The window and door industry has made huge strides in the recycling and reuse of uPVC; it has given old frames a value, so they avoid simply being scrapped in the nearest skip.

A typical uPVC window frame lasts around 35 years, and it can then be recycled up to ten times, giving it a true lifespan of 350 years.\* After that, it can then be made into other things that don't require such high quality uPVC. Imagine what your window could be one day.

VEKA plc is committed to creating sustainable systems and in 2022 recycled content accounted for 28% off all total uPVC extruded.

\*According to the Building Research Establishment (BRE)

# BRITISH DESIGNED. WORLD LEADING.

## — British Engineering Backed by German Quality.

Headquartered in Germany and family owned since 1969, VEKA has been leading the global development of uPVC window systems for over 50 years. VEKA UK is in the historic mill town Burnley, Lancashire, where it designs, engineers and extrudes high quality systems, using its own unique mix of uPVC.

VEKA is just one part of a window's journey to your home. Skilled fabricators and installers add their stamp of quality and craftsmanship, to bring products that create the perfect HomeLifeStyle.
