FRENCH DOORS

Elegant style, reliable performance,
and timeless appeal.

VEKA French Doors offer a refined, classic look
that can complement a wide range of homes.

Whether you're creating a welcoming entrance to the garden or looking to form a brighter link to a conservatory or patio, French Doors offer a classic design with modern features. Practical and adaptable, they can complement both traditional homes and more contemporary spaces.

WHY CHOOSE **VEKA** FRENCH DOORS

CLASSIC DESIGN WITH MODERN FEATURES.

Enjoy the traditional look of French Doors combined with the modern benefits of VEKA's precision-engineered PVCu systems.

FLEXIBLE OPENING OPTIONS.

Choose to open one or both doors, with inward or outward swing configurations depending on your space and preferences.

SLIM SIGHTLINES, MORE LIGHT.

Designed with slim profiles to support increased daylight and views while helping maintain warmth and comfort inside your home.

SECURE BY DESIGN.

VEKA French Doors are available with PAS24 and Secured by Design accreditation, including multi-point locking systems and reinforced frame options.

THERMAL EFFICIENCY.

Multi-chambered profiles and glazing options are designed to support heat retention, reduce drafts, and contribute to overall thermal performance.

EASY TO LIVE WITH.

Low-maintenance PVCu doesn't require repainting, and its weather-resistant properties are designed to support dependable performance throughout the year.

CUSTOMISED TO YOUR STYLE.

With a wide choice of colours, finishes, handles and glazing options, your French Doors can be personalised to suit your home, inside and out. Choose bold colours, woodgrains, or contemporary greys to complement your décor or create a standout look.

DESIGNED WITH RECYCLABILITY IN MIND.

VEKA French Doors are made from PVCu that can be recycled, combining durable design with materials that support responsible resource use.

REFINED STYLE. EVERYDAY EASE.

VEKA French Doors offer a classic way to introduce more natural light and support a clearer link between your home and outdoor spaces – creating a welcoming transition from inside to outside.
